New company name on German safety data sheets

On July 1, 2024 *Deutsche Metrohm Prozessanalytik GmbH & Co. KG* and *Deutsche Metrohm GmbH & Co. KG* have been merged. Since then the company operates under the name **Metrohm Deutschland GmbH & Co. KG**. Despite its company name the familiar address, telephone number and e-mail address remain unchanged:

Valid since July 1, 2024

The latest safety data sheets that can be found on the MSDS Finder of our homepage are reviewed and updated, if necessary at regular intervals.

We will make this change in the upcoming update cycle for all German safety data sheets. As neither the classification nor the composition of the product of interest has changed, the present safety data sheet remains valid.

Sincerely yours
